**TO WHOM IT MAY CONCERN**

eatsleepdoodle wash out fabric pens DWP

This is to confirm that our DWP eatsleepdoodle wash-out fabric pens have been fully tested and comply with all UK, EU and USA testing requirements, including EN71 1-3, ASTM D-4236 and BS7272.

The pens are safe, non-toxic and suitable to be used on items to be worn, slept on or on table linens. The ink washes dries almost immediately and washes out of all washable textiles completely on a warm machine wash.

A handwritten signature in black ink, which appears to read 'Chrissie Probert Jones'.

Chrissie Probert Jones  
CEO and Founder
