The indicated data are typical or average values, but are not assured attributes. This product is not subject to the Construction Products Regulation.

## Installation/Laying

- 1. Ensure the surfaces to which the profile is to be fixed are clean, dry and flat.
- 2. Trim the profile to the required size.
- 3. Apply a complementary and suitable cartridge adhesive on the wall and place the profile on it.

For further information for the installation use our video which you find on our website <a href="https://www.kueberit.com">www.kueberit.com</a> under downloads and you find additional information in our catalogue "Küberit-Best".
